

3rd Party Variable Annuity Management Platform Information

The “3rd Party Variable Annuity” management platform is a professionally fee-based separately managed accounts program for assets held at select variable annuity companies. No matter the type of account, Creative Financial Designs, Inc. can manage the investments based on the clients risk tolerance and investment goals in one of five portfolio risk models. Your client’s risk tolerance, time horizon, and specific goals will determine which portfolio is right for them. The increasing list of variable annuity companies available for management is currently: ING, Nationwide, Lincoln Benefit Life, Jackson National Life, Guardian, Jefferson National, Pacific Life, Genworth, American Skandia, Security Benefit Life, WRL, Hartford, US Allianz, AXA Equitable, and Transamerica.
